

The R Factor

Presented by  FOCUS3

PROGRAM OVERVIEW:

The R Factor is a critical performance resource. It equips people with the mindset and skill set to be intentional about the way they think, make decisions, and take action. The R Factor is built on a simple, powerful equation:

$$E + R = O$$

Event + Response = Outcome

The key to producing outcomes is not the events or circumstances that people encounter, but how they choose to respond. Better outcomes in your business require better responses from people. The performance of your business is determined by how people manage the R.
