People Skills in the Workplace Series

PROGRAM OVERVIEW:

The People Skills in the Workplace Series is multiple interactive and practical programs designed to help professionals develop essential interpersonal skills needed for workplace success. These programs focus on communication, teamwork, conflict resolution, emotional intelligence, and leadership to foster a collaborative and productive work environment. Participants engage in hands-on activities, role-playing, and scenario-based learning to enhance their ability to build strong relationships, manage workplace dynamics, and contribute effectively to organizational goals.

For an option to select these topics as individual programs, visit the QR code below for the Employee Development Academy page.

Participants have a 12 month period to complete their program.
